

THE FAYETTE FALCON

ESTABLISHED 1866.

SOMERVILLE, TENNESSEE, FRIDAY, SEPTEMBER 30, 1921.

NEW SERIES: VOL. XV.—NO. 14

Craddock Book Club

Tuesday afternoon Mrs. Stewart Wetzel entertained the Craddock Book Club in her tasty apartment on Concord street.

The living room was prettily decorated in fall flowers, and tables were arranged for "Book." Those lucky in winning prizes were: Mrs. Summers and Mrs. Wirwe. The prizes were an artistically made boudoir cap and a very dainty guest towel.

Mrs. Wetzel proved a most charming young hostess and her skill was very prominently shown in serving a delicious ice course, assisted by Mrs. Sidney Wilson.

The books were distributed by the vice-president and the meeting adjourned to meet again October, the eleventh at three o'clock, at the home of Mrs. Sidney Wilson.

Card of Thanks

We wish to express to all our friends our deep and heartfelt gratitude for their kindness and sympathy, during the time of our great trial and death of our dear husband and father.

MRS. ADDIE MAI DIFFIE AND CHILDREN

The Best Advertisement

The best advertisement any merchant can have is a satisfied customer. No greater recommendation can be given an article than the following by E. B. Milburn, Prop. Guion Drug Store, Guion, Ark. "We have sold Chamberlain's Cough Remedy for years and have always found that it gives perfect satisfaction."

In every home where there are children there should be a bottle of WHITE'S CREAM VERMIFUGE. It destroys the worms and acts as a tonic in the debilitated system. For sale by Cartmell-Gillmann Drug Co.

Dr. W. S. A. Castles

The Falcon learns from a death notice in the Commercial Appeal of the death Wednesday of Dr. W. S. A. Castles at the Baptist Hospital in Memphis. Dr. Castles was born at Macon in this county sixty two years ago and practiced medicine nearly a quarter of a century at Oakland. He moved to Memphis a number of years ago and established himself in a fine practice there which he held to his death.

He was a Christian gentleman, a man of many friends in this county and in Memphis, and one of that city's most popular physicians.

He leaves his widow and one sister, Mrs. Parrot of Williston, this county.

Farm Breeding Pen

The question of a special breeding pen on the farm is apt to bring forth doubts of its being a working plan. However, it is easy to say enough and can be managed in at least two ways that any farm woman can carry out, says Mrs. Kate M. Wells, poultry specialists, Division of Extension. The most important point is furnishing a separate house or room for the roosting and laying quarters for the breeders. This can most easily be done by putting a partition in one end of the poultry house, large enough to house the breeders. Twenty-five hens can be housed in a 6x16 or a 6x12 room, arranging it as roosts, nests, feed hoppers and water vessels as in the larger laying house.

When the bowels feel uncomfortable and you miss the exhilarating feeling that always follows a copious morning operation, a dose of HERBINE will set you right in a couple of hours. If taken at bed time you get its beneficial effect after breakfast next day. Cartmell-Gillmann Drug Co.

Parent-Teacher's Meeting

All the patrons of the Fayette County High School, the members of the Board of Education, and any others who are interested, are given an urgent invitation to attend the meeting to be held Wednesday October 4th, at 7:30 o'clock, at the High School Auditorium.

It is with a great deal of pleasure that the committee is able to announce that a former Principal, Prof. Harry Clark, will be the speaker of the evening.

The Association has for its object this year the establishing of a first class High School in this county. This meeting promises to be one of great moment, and is earnestly hoped by this body enough interest will be created to bring about the results.

The following program will be rendered:

Music, Orchestra; Piano Solo, Miss Lily Matthews; Address, Prof. Grille; Reading, Mrs. T. A. Moorman; Our Objective, Prof. Summers; Address, The requirements for a First Class High School, Prof. Clark; Discussion; Piano Solo, Miss Pattie Mosby; Social Hour.

SEC. PROGRAM COMMITTEE

Community Club Helps Get Preacher

According to a recent report from F. C. McCuskeys agricultural agent for Franklin County, the community organization at the Center Grove has assisted in securing a preacher for that community, and the organization of a Sunday school, and at a recent meeting raised \$75.00 to help pay the preacher for the next six months. This is another demonstration of the good that can be accomplished when people of a community will act as a unit.

Fair View.

It has become popular with a great many to think that little country schools are not of much consequence. The one-teacher school is an object often held up as a place of ridicule and derision and consequently many parents move from the country to town to educate their children. We believe a more serious error could scarcely be made. In most cases if parents making such a move would put into their home school one-half what such a change would cost them, and encourage their neighbors to make an effort and a sacrifice, if need be, to save the rural school it would be found that a better school could be held at home than any town could offer. Nor is this all. It is only by saving the rural school that we save rural civilization. If we lose our schools the rural community will have lost everything. Our white population will move to town and the country will be over run by negroes. Let us spare no effort to uphold the rural school. Consolidate them if need be, establish high schools when practical, teach agriculture if possible but don't abandon them. Rather, abandon the foolish notion that town schools are the only place where children may be educated and put your shoulders to the wheel and make your home school one of the best in the whole country.

Mr. and Mrs. Hercheal Hewlett gave an ice cream supper September 16, it was enjoyed by every one.

Mr. and Mrs. Leslie Elder gave an ice cream supper September 23. It was a large crowd there. Games were played all the time.

Most of the girls like to go horseback riding around here. Some of them went riding Saturday and Sunday. It is fine sport, and is very enjoyable.

Our boys are expecting the Gold Springs school boys to come down in a few weeks to play ball with them. Some of the boys can play very well.

We had a small impromptu program last Friday afternoon. Several visitors were there.

Despondency

Suffers from indigestion are apt to become discouraged and feel that complete recovery is not to be hoped for. No one could make a greater mistake. Hundreds have been permanently cured by taking Chamberlain's Tablets and now can eat anything that they crave. These tablets strengthen the stomach and enable it to perform its functions naturally. If you have not tried them do so at once.

SURGEONS agree that in cases of Cuts, Burns, Bruises and Wounds, the FIRST TREATMENT is most important. When an EFFICIENT antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on man or beast, BOROZONE is the IDEAL ANTISEPTIC and HEALING AGENT. Buy it now and be ready for an emergency. Sold by Cartmell-Gillmann Drug Co

To Falcon Subscribers

We are calling attention of Falcon Subscribers here to the fact that we took into consideration last year the condition of matters financial in this section and did not press the payment of subscriptions. We knew our people were not able to pay debts and let every subscriber go right on getting the paper unless he ordered it stopped. We extended credit to all of them and we have gone thru the year and to another October and the cotton crop is now being harvested, ginned and sold, and we ask that The Falcon be remembered and that past due subscription bills be paid. Just about the end of the present year we will mail bills to all, but we hope the bills now due us will be much reduced before that time, and that many who owe us now will pay before then. Pay us now and save our sending you a statement. Look at the address on your Falcon every week. If it reads "John Jones, 1-Mar-19" it means you owe us since March 1, 1919. Thanking all for prompt response to this appeal,

The Fayette Falcon

Big Auction SALE Big Auction

100 Head Jerseys

Somerville, Tenn., Thursday, October 6, 10 A. M. Sharp

This herd consists of 100 head of highly bred heifers by registered sires, bred to registered sires to calve from December to May. The above heifers were carefully selected from the best dairy herds in Rutherford county and show their breeding.

The boll weevil is here, has already made himself felt, and bids fair to force a radical change in our farming methods. The milk cow is the one best solution. Now is the time to secure foundation stock for your future herd.
